3. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without firstly giving up his answer papers.

4. Great silence should be maintained in the examination hall.

5. No candidate will, at any moment, be allowed to bring into the examination hall either books, or portions of a book, ruled sheets, manuscripts or papers of any kind. Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

6. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

7. Candidates are forbidden to tear up papers, or to throw ink or paper on the floor. All 'spare' copies, etc., should be left on the desk where the candidate has been writing.

8. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

9. No candidate will be allowed to amend the time assigned to each paper.

10. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period permitted for such particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate writing to ask any question of the Superintendent will incur the same censure but will on no account leave his seat.

11. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves respecting their address, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

12. Candidates are requested to note carefully the particulars printed in the printed list and notify themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their address, names or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

13. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they might have appeared according to the names published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the

examination for better permitting the change should be produced for the attention of the Superintendent.

14. The answer papers should be written or passed together at the upper left hand corner, and the whole folded into two, lengthwise (not crosswise) (see last). The register number, the place of examination and also (in the case of the examinations in shorthand and the post office system adopted) and (in the case of the examinations in Typewriting, the name and number of the Typewriter used) should be written not clearly by the candidate on the top right hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

15. (1) Candidates are strictly forbidden to write or type their names on the answer papers.

(2) Candidates should thoroughly understand that failure to furnish any one of these particulars may involve the rejection of a candidate's answer papers—percentage notwithstanding—and that the candidate's register number and name of centre will not be valued.

16. Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is reported of having had recourse to impropriety of any kind is liable to have his examination forfeited and also to be deprived from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit. If the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination or even forfeit his right to be found by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

17. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

18. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivisions in which he may have failed. The names of successful candidates in each subject concerned in two classes, First and Second, will be published in the Port St. George Gazette. The pass list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

16. In sub-section (2) of section 61 of the said Act, after the words "at any place," the words "in British India" shall be inserted. Amendment of section 61, Act XI of 1925.

STATEMENT OF OBJECTS AND REASONS

Under the Indian Income-tax Act of 1922 (Act XI of 1922), whose liability to tax is in certain circumstances affected by the residence of the person concerned, it depends mainly on the "origin" of the income (that is to say, the place where it accrued or arose) and the place where it is received.

2. With corresponding exceptions, income received outside British India by or on behalf of a resident in British India is not liable to Indian income-tax unless—

- (a) it is derived from business,
- (b) it is received in British India, and

(c) it is received within three years of the end of the year in which it is received [vide section 4 (2)].

3. The effect of this provision of the law must be to offer an inducement for the investment of money abroad, which might otherwise be invested in India, and thus not only to reduce the Indian revenue from income-tax, but also to affect adversely the supply of capital for investment in India.

4. It is therefore considered desirable to amend the law, following the basis of the law as it exists in the United Kingdom, so as to make residents the same basis of liability while not retaining origin and residence into British India as basis of liability in certain circumstances.

SOME OF CLAUSES.

Clause 2 (a).—These amendments are designed to prevent a person temporarily resident in British India from avoiding or

relating liability to tax to the respondent of retaining as his "previous year" a period that will produce such an effect, and also to provide the power vested in the General Board of Revenue of disallowing an assessee's previous year from opening liability in the case of a temporary resident. It is proposed that such persons should always be assessed on the basis of their total income in a financial year.

Clause 2 (B).—This alteration is consequential on the general scheme of the Bill as explained below.

Clauses 3 and 4.—The two leading charging sections 3 and 4, have been re-drafted. Section 3 as amended declares what persons are liable to tax, and also declares that they shall pay tax on their total income of the previous year.

New section 4 (2) (c) in effect repeats existing sub-section (2) of section 4 inserting the reference to receipt.

Clauses (g) and (h) of amended section 4 (1) follow the main lines of the English law.

Thus, new section 4 gives, in the first place, a comprehensive outline of an assessee's total income of any given year, and then, in sub-section (2), gives a list of the classes of income which shall be included from the computation of the total income. Items received by a member of a Hindu undivided family have been transferred here from section 14 (1). New sub-section (3) then proceeds to "charge" all income, profits and gains comprised in the "total income", less items exempted, with tax at the rate applicable to the whole income.

Clause 5.—Proposed sections 4A and 4B define "residence in British India" and "domestic" for the purposes of the Act. As regards "residence", section 4A broadly follows the English law as interpreted by judicial decisions but avoiding complicated details. Section 4B defines the domestic of a Hindu undivided family and of an association of individuals other than a Hindu undivided family, including a company and a firm.

Clauses 7, 8, 13, 14 and 17.—The first two heads of income in section 6 of the Act are "Salaries" and "Interest on securities", and these heads are explained in sections 7 and 8. Section 13 provides a special machinery for the collection of tax under these two heads, namely, collection in advance by deduction at source. The machinery, obviously, can only be enforced where the deducting agency is within British India jurisdiction, and can have no application to taxable persons and interest paid abroad. Hence the terms of amendments in these clauses restricting the two heads to "Salaries paid in British India" and to "Interest on Securities paid in British India", which is in effect their present scope. Salaries and interest on securities paid abroad, which will now become taxable, will be included in the fourth head—"Other Income".

Clause 9.—With the introduction of the "residence" test in section 4, sub-section (2) of section 11 becomes superfluous.

Clauses 10, 18 and 19 contain consequential drafting amendments.

Clause 11 should be read, with the amendments proposed in clause 4 (b) (ii). Section 4 (2) as it now stands speaks of shares of assets in which the Act does not apply. In relation to the shares of two family income trusts not to members of a Hindu undivided family, that phraseology was not quite applicable and those shares were not included in the completely exempted classes of income given in section 4 (2). Nevertheless those shares are not taxable, and are not even included in the total income of the recipient for the purpose of assessment of his separate income. Those provisions are contained in sections 14 and 16 of this Act as they now stand. The method of securing complete exemption to those shares does not fit into the amended form proposed in the section recurrent, and it has been found expedient to include those shares in the totally exempted classes of section 4 (3) and to delete section 14 (3). These changes, therefore, are of a merely drafting nature.

Clause 12.—Section 15 has been moved so as to give a detailed account of the process of computing total income.

Clause 13.—New section 24 (a) enables an Income-tax Officer to assess without waiting for the termination of the financial year the income of a person temporarily resident in India.

Clause 16 gives to the Central Board of Revenue power to prescribe rates of exchange for taxable income arising anywhere abroad and in an extension of the principal already contained in section 18 (3A).

NEW TAXES,
FEB 6th MARCH, 1931.

GEORGE SCHUSTER.

The following Bill was introduced in the Legislative Assembly on the 16th March, 1931:—

L.A. BILL, No. 33 OF 1931.

A Bill further to amend the Indian Factories Act, 1911, for certain purposes.

WHEREAS it is expedient further to amend the Indian Factories Act, 1911, for the purpose aforesaid appearing; It is hereby enacted as follows:—

1. This Act may be cited the Indian Factories (Amendment) Bill, 1931.
2. After clause (i) of sub-section (2) of section 37 of the Indian Factories Act, 1911, the following clause shall be inserted, namely:—
“(ii) provisions against fire.”

Enacted
at section 37,
Act No. 33 of
1931.

STATEMENT OF OBJECTS AND REASONS.

The Indian Factories Act, 1911, contains no specific provision empowering Local Governments to frame rules to provide for the prevention of fire in factories. The necessity of making legal provision for enforcing such safeguards has come into prominence owing to the loss that have recently occurred in a match factory

sent to the Secretary of State for India in Council free white salt of the quality usually made by each producer.

(7) In making a regulation under sub-section (2) the prescribed authority may specify, in each instance as may be reasonable in the circumstances of the case,—

(a) the amount of salt to be sold,

(b) the port or ports where such salt is to be delivered, and

(c) the time within which the salt is to be delivered at the port or ports of delivery.

(8) The price to be paid for each salt delivered free of charge at the port of delivery shall be forty-four rupees eleven annas per hundred mounds at the port of Calcutta, and at any other port shall be fifty-three rupees eleven annas per hundred mounds with an addition or deduction as the case may be, on account of the difference between the freight from the port of shipment to Calcutta and the freight from the port of shipment to the port of delivery.

(9) If any producer of salt required to enter into an undertaking under sub-section (2) fails to enter into such undertaking within the time specified, or, having entered into such undertaking, fails to the opinion of the Governor General in Council to fulfill it, the Governor General in Council may, by notification in the Gazette of India, direct that all salt produced by such producer shall, on being taken by sea into any port in British India, be chargeable with the additional duty imposed by section 3 and with any further additional duty which may be imposed under section 5.

6. The Governor General in Council may, by notification in the Gazette of India, make rules—

Power to make rules.

(a) prescribing the form of undertaking to be entered into by producers of salt under section 2;

(b) determining the prescribed authorities for the purpose of this section; and

(c) generally to give effect to the provisions of this Act.

It is hereby declared that it is expedient in the public interest that the provisions of this Bill should have temporary effect under the provisions of the Provisional Collection of Laws Act, 1911.

KVL:1116

STATEMENT OF OBJECTS AND REASONS.

This Bill is designed to give effect to the recommendations for immediate action that was made by the Committee of the Legislative Assembly appointed for the purpose of considering the proposals contained in the Report of the Indian Taxf Board on the Salt Industry in India.

New Delhi,

17th March, 1911.

GEORGE SCRUTER.

3. (1) The duty of customs imposed by or under this Act shall not be levied and collected on wheat shipped by the seller in compliance with a contract of sale made by him under the following circumstances, namely :—

(a) where the proposal has been made by the seller and its acceptance by the buyer has been got in course of transmission to the seller, before the 1st day of March, 1931; or

(b) where the proposal has been made by the buyer and has been got in course of transmission to the seller before the 1st day of March, 1931, and the seller's acceptance has been got in course of transmission to the buyer before the 30th day of March, 1931.

Provided that in all cases documents showing that the contract of sale has been made under these circumstances are deposited with the Customs Collector before the 1st day of May, 1931.

(2) Where in the opinion of the Customs Collector it is doubtful whether any consignment of wheat is exempted from duty under sub-section (1) or not, the Customs Collector shall assess and collect duty thereon as if it were not exempted; and, on proof being furnished to his satisfaction within three months of the collection of the duty that the consignment of wheat is exempted, he shall make a refund of the duty collected.

Power to
make an
order in
this
duty.

4. If, after such inquiry as he thinks necessary the Governor General in Council is of opinion that the duty of customs imposed by section 3 has become unnecessary or excessive, he may, by notification in the Gazette of India, remit such duty or reduce it to such extent as he thinks fit.

It is hereby declared that it is expedient in the public interest that the provisions of this Bill should have temporary effect under the provisions of the Provincial Collection of Taxes Act, 1925.

VID of 1931

STATEMENT OF OBJECTS AND REASONS.

Owing to the low price at which imported wheat is at present being landed, at the principal ports in India, wheat produced in India is unable to compete with it at these ports and in the immediately adjacent areas. The extent of the present demand for wheat in the areas in question is estimated at from 50,000 to 100,000 tons. As the present low level of world prices will tend to wheat can find an outlet in foreign markets, and it is in the event desirable, therefore, that Indian wheat should not be excluded from a considerable part of the home market.

It is accordingly proposed to impose for a period of one year a duty at the rate of Rs. 2 per cwt. on wheat imported into India with effect from the date of introduction of the Bill. This rate, which is equivalent to Rs. 1-5-0 per annum, is sufficient to enable wheat from the principal wheat producing areas in the country to be sold at the principal ports in competition with imported wheat, and allows a margin to provide for a possible increase in the existing difference between the selling prices of home-grown and imported wheat in those markets.

The effect of the duty is likely to be that the importation of wheat from abroad will become unprofitable except in the event of a substantial change in the relative levels of prices in India and abroad. The effect of this on the flour milling industry at the ports might be very serious for it is known that the mills have already placed orders for several months ahead. Obviously the price of an imported article on which a duty, or an additional duty, is placed, is raised by the full amount of the duty, and the importer may expect to recoup himself for the extra cost he has incurred. But the stocks of surplus wheat held in Northern India at present must hold down the price in India until they are exhausted and the mills at the ports must hope to recover the cost of the duty by raising the price of flour to their customers. It is therefore proposed to exempt from this duty wheat imported under a contract when the order was placed before the 1st of March, and the contract was closed not later than the date of the introduction of the Bill.

It is proposed that the duty shall remain in force only until the end of March, 1922, and to take power to reduce or to remove it by executive action before that date should circumstances so change as render the duty excessive or unnecessary.
